N25 Bandon/Sarsfield Interchanges Upgrade

Progress Update

Wednesday 12th October 2011

Traffic heading east from the Sarsfield Road Roundabout on the N25 South Ring Road will be reduced to one lane from 8.30p.m. on today, Wednesday 12th October, 2011. The purpose of the lane closure in this location is to facilitate service relocations in the central median area of the South Ring Road. Traffic will be restricted to one lane for a number of hours but no significant disruption is anticipated as the works are being carried out during off-peak traffic hours.

On completion of the works in the early hours of the morning on Thursday 13th October, 2011 traffic will be restored to two lanes with the existing slow lane and the existing hard shoulder being used to maintain the two eastbound lanes in this area. The existing fast lane for eastbound traffic will be in use for service diversion works for a number of weeks.

As always, those with queries or concerns in relation to the scheme can contact site staff on 021-4969280 or 021-4965830, on the 24 hour Freephone helpline number 1800 932 046 or on the following mobile numbers outside of normal office hours:

Kieran Lehane	087 2479195
Maurice Hourigan	087 2074858
Niall O'Riordan	087 2786213

Please register your e-mail address with us at n25@ccc-site.com if you are interested in obtaining progress updates by e-mail as the works progress.
